

## Sustainability

Steve Brigham, Editor

Even a small town such as Westport benefits by having community organizations that give a sense of continuity and sustainability to the community. In fact, since we are such a small town and we all know one another, maybe those community organizations are all the more important for us. One of the greatest things about Westport is that it never really changes – among all California coastal towns, it is a rather unique “bridge to the past”, and we all very much like it that way. But that doesn’t mean that Westport never changes at all. Our history shows many booms and busts in the course of many generations, and our community organizations have always had to adapt to changing demographics, resources, and community needs. Somehow, we’ve always managed to preserve the “Westportness” which we treasure.

So many Westportians I know have served on one or more Boards of our community organizations over the years (there are likely a few that have served on them all!) I currently am a board member of three – Village Society, Church, and Cemetery. Each of these historic community organizations is currently in a renewal and improvement mode, which involves not only consideration of future needs but also an even greater love and respect of our long history and time-honored traditions. It is said that each new century never really starts finding its particular persona until its second decade. And so 2014 is a good time to take a look around and see how we can get better in this 21<sup>st</sup> century, importantly focusing on right NOW!

As we look to the future of Westport, let us always strive to get things done right. But let us not always feel so “right” that we never get things done. We should never change because we’re afraid, but we should never be afraid to change. Sustainability is a great goal, no doubt. Adaptability just might be the best way to achieve it. That’s what life is all about!

## Westport Village Society Seeks Input on The Westport School

Thad Van Bueren, President, WVS

The Westport School is an ongoing topic of conversation in the village these days because it is unlikely to reopen as a District School now that Small Necessary School Funding has disappeared. The good news is that the Mendocino Coast Recreation and Park District hopes to sublet the school from the Fort Bragg Unified School District for another 5 years to continue presenting the Westport educational and recreational classes that Tabby Korhummel has organized for the past two years.

Some have suggested that it may be beneficial if the School District (FBUSD) were to give the Westport School building to the Westport community. The possible benefit is more flexibility and local control of the facility, programming, and activities. FBUSD’s legal counsel has indicated that the School building cannot be given to the Westport Church (which owns the property that the School building is on), due to the Constitutional separation of church and state. The FBUSD is presently investigating whether or not the Westport Village Society would be eligible to receive the building as a donation.

To gauge community interest, the Westport Village Society Directors invite you to attend a special community meeting on Tuesday, June 10<sup>th</sup> at 6:00 PM at the Westport Church, to consider the future of the Westport School. This meeting is scheduled to last one hour. Public input will be taken during the first 45 minutes, with WVS Board action to follow. The conversation is not limited to the school, since it may be appropriate to take a larger view and consider options for creating a community center somewhere else beside the School.

The Westport Village Society has a longstanding interest in fostering a Westport Community Center, and maintains a separate fund dedicated to that goal. However, we are uncertain if the school represents that best opportunity to move a community center forward. The WVS Board will only pursue the transfer of the School if the community actively supports the concept and feels that the effort will bring measurable benefits.

The WVS is aware that both the Westport Church and FBUSD have policies that presently restrict some activities and improvements. It is less certain whether the community wants to program activities that are not presently allowed, and how much interest there is in pursuing such programming. If you feel it would be useful to encourage a wider range of activities, what are those activities and how much interest are they likely to generate? If you can't attend this special meeting, please consider sending your opinions via email to [wvs@westportvillagesociety.org](mailto:wvs@westportvillagesociety.org) prior to the June 10<sup>th</sup> meeting.

## June Community Meetings

**Westport Volunteer Fire Department** monthly meeting – Wednesday, June 4<sup>th</sup>, 6PM at the Westport Firehouse.

**Special Westport Village Society Community Center Meeting** – Tuesday, June 10<sup>th</sup>, 6PM at the Westport Church.

**Westport County Water District** – Board Meeting – Saturday, June 14<sup>th</sup>, 10AM at the Westport Firehouse.

**Westport Volunteer Fire Department Annual Meeting** – Wednesday, June 25<sup>th</sup>, 6PM at the Westport Firehouse.

Since it was built nearly 30 years ago, the present-day **Westport Community Church** has hosted most of our community meetings and events. For the past 15 years, the Church property has also been the site of the fourth **Westport School**.

## Church and School – A History of Two Original Westport Institutions

Baile Oakes

The history of the Westport School and the Westport Community Church/Community Center is a 135-year history of the community of Westport coming together to acquire land, gather materials, and volunteer the labor to construct Schools, Churches, and Community Centers to enjoy with one another. The citizens of Westport had no other resources, nor needed no other resources but the heart, dedication, and skills of our community.

The first Westport School was established in the village in 1879 near the cemetery. 12 years later, in 1891, land was acquired by our community and the second school was built on the hill overlooking our village. This building is the present home of Dorine Real and Lee Tepper. Thirty-nine years later, in 1930, the Westport School District joined the Fort Bragg Unified School District. Twenty-five years after that, in 1955, the Fort Bragg Unified School District sold to a private owner the property and building that our community had acquired and built, and used the Westport Community's equity in the second Westport School to build the third Westport School on property east of Highway One across from the Westport Inn.

In 1965, the School District closed the third Westport School and bused all students into Fort Bragg. Eleven years later, in 1976, a group of Westport parents (including our dear Millie Saunders) petitioned the State to reopen the Westport School. The school year was already underway at our school site when the Fort Bragg Unified School District sold the property to a private owner and bused the students into Fort Bragg. After 97 years, the Westport Community's equity in property and a building that served our community as a school and community center vanished with this action.

The Westport Community Church/Community Center was established in 1880 on the ocean bluff on what is now Pacific Avenue at the southern end of the village of Westport. The Church served the community as a multi-denominational place of worship for over 70 years until erosion in the early 1950s damaged the building beyond repair and finally took the building into the sea.

Shortly after that, in 1955, a Community Center was built on the same site and served our community for 20 years until 1975, when the continually eroding site made that building unsafe for use. Nine years later, in 1984, the lot was sold and the equity from the sale of the property purchased the present site of the Westport Community Church on Abalone Street. A year later, in 1985, the present Church building was built by community volunteers.

Our important institution of the Westport Community Church has continuously remained in community ownership for the past 134 years, maintained by local Trustees and serving our community as a Church and Community Center. For the past 15 years, the Community Church property has also been host to the fourth Westport School, which is the building that we know today.

In 2012, the Westport Community Garden was also established on the Church property, right next to the Westport School. The Westport Community Church/Community Center's history and legacy spans the entire 135-year existence of Westport, from the very beginnings right up to the present day – a clear example of the worth of local self-governance and local ownership of institutions serving the greater good of our Westport community.

## Cemetery Appreciation Day

Steve Brigham

Small towns all across America share one very unique and wonderful type of museum, and it's called the Town Cemetery. Unlike other types of museums, these often-historical cemeteries are not just a bunch of stuff that you look at – they are real places that you can visit. And stand on the ground. And be there.

Small towns all across America not only love but care for their historical cemeteries. Many of these towns have a Cemetery Appreciation Day once or twice a year, where the townsfolk help “spruce up” the cemetery grounds and honor those that have gone before us. This year, on **Saturday, June 14<sup>th</sup>** (which is Flag Day), we'll be having our own Westport Cemetery Appreciation Day from 1:00PM to 4:00PM, where you can not only help beautify our historical cemetery, but also learn more about its 135-year history and the people who are memorialized there.

The afternoon will start off with a historical tour of the Cemetery presented by acclaimed local archaeologist and historian Thad Van Bueren, author of the definitive Westport area history book *Belonging To Places*. Then we'll all get to work, and the main project of the day is to finish the brand new restored/rebuilt front fence of the cemetery with a bright new coat of white paint. The painting will be a great activity for all ages, so bring the family! You'll feel a new sense of personal pride in our beautiful cemetery, and also feel a great sense of pride in helping out on a very worthwhile community project!

It's the Classic Race, and the Ducks are in the water!

## 24<sup>th</sup> Annual Westport Rubber Ducky Races A Big Success!

Lois Senger

The 24<sup>th</sup> Annual Westport Rubber Ducky Races held on May 11<sup>th</sup> were a big success! I want to thank all the volunteers and donors, and of course it is difficult to mention everyone, since so many do so much in so many ways. But the WVFD and friends need special mention for moving all the tables and parking all the cars. Gary Quinton and Bill Knapp made the BBQ pit for Steve Brown and crew to cook the tasty and juicy tri-tip. A toast to Pam Brown and crew who made and served such delicious meals and to Greg Dougherty of The Purple Rose for his donations. Then there is Kiri,

The 2014 race featured rocky rapids at the start.

Cate, Fiona, Elika, and Barbara, who provided us with all the goodies and drinks at the dessert and beverage booth (thanks to the many folks who donated their home-made goodies). Lee Tepper, Dorine Real, and Millie Saunders created a beautiful display of merchandise and ducks at the merchandise booth. Oceans of Gratitude go out to Aimee Maxey, who hand-made and donated the beautiful Raffle Quilt that was kindly displayed by Racines in Fort Bragg for pre-sales. Karen, the owner of Racines, and Spunky Skunk encouraged Barbara Anderson to set up a beautiful display window which was great free advertising for us, and Karen also donated gift

And then there was the Big Billabong, where all the Duckys slowed down! Here, veteran Race Officials Peter and Homer usher them through.

certificates for prizes. Thanks also to Bobbie and Rosalie who created the gift baskets and sold the tickets for the raffle, and Jennifer K. who made and donated ducky soaps for the raffle baskets. Steve Brigham created the five beautiful flower planters full of beautiful flower color which were also raffled off (he also grew the 120 4-inch pots of blooming Mother's Day flowers which were given as gifts to all mothers). Congratulations to all our raffle prize winners and everyone who made our 2014 Ducky Raffle a great success – it raised \$1700 for the Westport Village Society, which goes directly to the maintenance and preservation of the Westport Community Headlands!

More thanks – starting with Thanksgiving Coffee, which donated the coffee and cups which greatly

helped sales at the Bake Booth. North Coast Produce donated the watermelon, which was great on a warm day. Thad Van Bueren, Donna Traycik, and family did an excellent job selling Ducky Race and meal tickets. Otto Marsh let us use his kitchen to prep the food, Marie Fostiak provided ice, and Xavier Hale once again provided the cleanup set up – his crew, Jeff Saunders, Dave Rice, and Steve Brigham had more dishes than usual to wash this year, as there was 320 meals sold! Bill Knapp did a great job on the poster and Shelly was a great help getting the posters put up in Fort Bragg and Mendocino.

Our fantastic Musicians donate their time and music and come from Willits and beyond. Many of them play in various local groups and love to come together as the *Anatadaelatexus Sundry Musicians* (“Rubber Ducky Musicians” in Latin). Fran and Robert are the organizers of the group. We missed our regular announcer, Gary Quinton, who had a bad tooth emergency at an inconvenient time, but we were glad to see him better later that week, working a full volunteer schedule once again without complaint.

We couldn't have a Ducky Race without the fantastic racecourse created every year by Jeff-Homer, Pete, and Peter, with the help of Nita's beautiful flags. A very special thank you to Steve Brown, the owner of the Caspar-Westport Campground for providing the space for the event, and to Melissa, his manager who helps organize the site for us. The Campground staff were very helpful helping to set up which was greatly appreciated. Heidi and Falcon pitched in and

Veteran Finish Line Referee Pete Dumars makes it official – “There’s A Winner!”

volunteered to help where ever needed and pulled in many loose ends. And finally, a very big thank you to all in our Community for supporting the Westport Community Headlands maintenance and other Westport community projects for all of us to enjoy!

Next year, on May 10<sup>th</sup>, 2015, is the **25<sup>th</sup> Annual Westport Mother’s Day Rubber Ducky Races and Barbecue!** That makes us one of the oldest, if not the oldest annual Rubber Ducky Races in California and even the entire USA! And so we’re already looking for artwork for commemorative T-Shirts and other items such as souvenir aprons, mugs, etc. Most importantly, it would be nice to have a full-sized commemorative poster that can be hung on a wall to remember all of our 25 Races. So all you artists, please contact Lois Senger at 961-0178 for an opportunity to help in a big once-in-a-lifetime historical memory for all of us to share! Let’s make next year a really great 25<sup>th</sup> Anniversary celebration! Give me your ideas – and thanks so much for everything!

The Yellow Flag is lifted, and the Race resumes at a rapid pace on the downhill stretch!

## Westport Volunteer Fire Department 2014 Annual Report

Bill Knapp, President, WVFD

Fellow Westportians: We are back on track with this year's annual status report. The annual status report letter usually goes out in late June after the election of WVFD officers and the start of our new fiscal year. This year we are a little early in an effort to let everyone know about the **WVFD June Business Meeting June 4<sup>th</sup>**, and the **WVFD Annual Meeting and elections on June 25<sup>th</sup>**. Both meetings will be at the **WVFD Firehouse at 6 PM**. The Business Meeting will be discussing and voting on the proposition to increase WVFD Board positions and make it possible for non-firefighter community members to serve.

Last year your WVFD was dealing with a proposed annexation of approximately 1/3 of our Service Area. The good news is this annexation issue has now been settled. Now all the properties south of mile marker 72 to the Ten Mile Bridge have now been annexed into the Fort Bragg Rural Fire Protection Area. Westport Volunteer Fire Department's newly defined Service Area from North to South is from the Usal Road turn off at Highway 1 mile marker 90, south to mile marker 72 just south of the Inn at Newport Ranch, and includes all of the tributary roads off Highway 1 to mile marker 6 on Branscomb Road.

Now more than ever, we as a Westport Area Community have a more difficult task of making your WVFD work well. That is because we now have the same costs of operation to be ready to answer 911 calls and 1/3 less properties and people in the Service Area to financially support us than we did at this time last year. That said, your Westport Volunteer Fire Department is optimistic that we can meet these challenges. Over the next few months we expect to make some positive changes and improvements to our operation and service to our Community.

As a Fire Department, we believe we need to be more active in our Service Area for the residents we serve, and we believe that the Fire Department needs consist of more than just firefighters. We believe there is a need and interest in active roles for members of the community who are not in a position to be initial

firefighter responders. The WVFD is requesting not just financial support (which is very important) but additional support in many other forms. Here is a short initial list:

- **Five Year Business Plan.** WVFD is working to develop a new 5 year business plan with statements of our organization and how we expect to achieve our goals over the next 5 years. The plan is expected to be as detailed and clear as reasonably possible. The plan will impact every property owner in our Service Area both as to medical assistance expectations, rescue situations and fire fighting. The plan will unquestionably impact home owner insurance prices.
  - **Emergency disaster center.** Currently, our Service Area does not have a written plan and well understood process to respond to a potential catastrophic emergency or disaster. An open question for our Service Area is whether WVFD is the best organization to organize food/water, shelter, medical supplies, clothing, and so forth if such a situation arises. At present no support agency has a plan to execute such an emergency disaster center for our Service Area.
- Special Property Needs or Protocols.** If you have any special information or needs at your property please let the WVFD know about it. (Special medical needs, Water tank hook-ups, lack of vehicle turn around space, permitted entrance to property and your building in case of emergency, etc.)
- **Volunteer Your Time and Skills.** If you have skills and time for the WVFD please contact us. We need people to assist in many important support categories. From clerical, phone calling, physical work around the fire station, mechanical assistance on our fire trucks, and more. The list is of tasks is long, but with your help the tasks can be accomplished. Currently there are three committees, with both community members and firefighters, with a goal of addressing identified issues facing WVFD:

Legal Status and Grants – Bill Knapp (chair), Steve Cardullo, Robert Finnell, Thad Van Bueren, John Allison

Fundraising Events – Dorine Real (chair), Dan Maxey, Cate Verbeke

Community Outreach – Gary Quinton (chair), Sara Mathias, Barbara Anderson

- **Fire Prevention Recommendations.** If you would like one of our fire fighters to visit your property and make some suggestions about fire safe zones we will be glad to assist you. Do not hesitate to ask as it helps us all.
- **Assistance or Information Requests.** If you or your neighbors have any questions about your WVFD in any category do not hesitate to let us know. We want to be very transparent and clear that we are here to help.

All WVFD business meetings are open to the public, and we would appreciate your regular or periodic attendance and input. Regular business meetings are on the 1<sup>st</sup> Monday of each month. If you would like notification and minutes of the meetings, just provide contact information (e-mail works best). If you would like to view our firefighter training drills and operations you are most welcome to attend those events as well.

In June 2013, the following officers were elected by the Members to serve for the one year period through June of 2014.

Chief --	Beck Regalia
Assistant Chief –	Dan Maxey
Captain –	Don Armstrong
Captain –	Frank Maurice
President –	Bill Knapp 964-7355
Secretary/Treas.	Gary Quinton 964-7073

This years elections and annual meeting will be held on June 25<sup>th</sup>, at the Firehouse, at 6 PM. You are invited to attend. This is a good opportunity to meet the new officers and provide feedback to WVFD. Your WVFD is not a closed “good old boys club” but rather it is an open group, all of us working for the common good of our Community. You do not have

to be a trained firefighter and go through all the preliminary and on-going training to participate in your Fire Department. Join us!

The annual WVFD BBQ on the Westport Headlands will be held on Saturday, August 16, 2014. This has traditionally been WVFD’s most significant organized event fundraiser and this year will be no different. A theme or “rallying cry” for the goal to raise funds for WVFD expenses and equipment will be identified in the coming weeks from a series of Event Planning meetings. There is a general goal of inviting (and allowing) everyone in the Service Area to volunteer and participate in some capacity according to their preference and talent. Please contact Dorine Real (964-2781) or Bill Knapp (964-7355) if you are interested in helping with the BBQ.

Finally, a gentle reminder that all of the Westport Fire Fighters are Volunteers and almost all of our financing is through donations. At this time we respectfully request a financial contribution from you in an amount that you can reasonably afford or stretch towards. Your financial contribution is greatly appreciated and all monies are spent wisely and frugally. You may send your donation to WVFD, P.O. Box 63, Westport, CA. Please include your name and address with your check and don’t forget to add the postage stamp. As a 501 (c) (3) organization, your donations may be tax deductible by you. Thank you for the support and confidence.

**Together We Can Be Better Prepared!**

**Crisis Intervention and Peer Support Class June 11<sup>th</sup> and 12<sup>th</sup>**

Acclaimed crisis support expert and WVFD Chaplain Dr. Lin Taylor will present a two-day class for emergency personnel and other assisting individuals at the Mendocino Coast District Hospital Redwood Conference Room on Wednesday, June 11<sup>th</sup> and Thursday June 12<sup>th</sup>. Cost is \$200 for the two-day course, with scholarships and financial assistance available. For information and to register, please call Dr. Lin Taylor at 357-0808, or e-mail her at [lintaylor@wildblue.net](mailto:lintaylor@wildblue.net)

## Hilarious Burlesque Comedy, *The Oldest Profession*, Opens at the Mendocino Theatre Company!

Felicia Freitas

Opening on June 5th, The Mendocino Theatre Company is proud to present *The Oldest Profession*, a cheeky burlesque comedy by Paula Vogel, under the direction of Betty Abramson. This wonderfully theatrical and naughty comedy is sure to have delighted audiences giggling long after the play has ended.

The golden girls in Madam Mae's stable are still working. The year is 1980, just one week before the election of Ronald Reagan, and five senior practitioners of the world's oldest profession have met at their usual bench on 72nd and Broadway. Sales are declining and the competitive economy has not been kind to the most experienced in the work force. Can Mae's hard working girls find new tricks to survive in this changing American era?

Featuring glamorous burlesque numbers and a tongue-in cheek wit, *The Oldest Profession* is for anyone who can appreciate a strong work ethic, entrepreneurship, pride in the American spirit, and the face of a beautiful woman.

*The Oldest Profession*, featuring sexy choreography and bawdy jazz music, is sure to be one of the Mendocino Theatre Company's most fun plays in years. This hilarious comedy features the Mendocino coast's most talented and gutsy comedienne, including Janice Culliford, Maureen Martin, Lorry Lepaule, Ruby Bell Sherpa, Nancy Fereira, and Mary Ditton.

*The Oldest Profession* plays at the Mendocino Theatre Company at 45200 Little Lake St. in Mendocino from June 5th through July 13th, Thursdays-Saturdays at 8:00 p.m., and 2:00 p.m. on selected Sundays.

For tickets or more information, please contact the Mendocino Theatre Company Box Office at 707-937-4477, or go to [www.mendocintheatre.org](http://www.mendocintheatre.org).

## Time And Tide

Steve Brigham

Hey boys and girls! This month, it's time for our Summer Solstice, which occurs on June 21<sup>st</sup> at 3:51AM! Now that's way past your bedtimes, but don't worry, since the days will be at their longest (a minute shy of 15 hours between sunrise and sunset) for a few days on either side of that time. It's also time for some more really high tides and low tides, which start in on Wednesday June 11<sup>th</sup> and last for a week, right through Tuesday, June 17<sup>th</sup>. One of our biggest tidal ranges of the year will be an impressive 8.2 feet as we go from a plus 6.6 at 11:53PM on Friday June 13<sup>th</sup> (uh-oh!) right down to a minus 1.6 at 6:52AM on Saturday, June 14<sup>th</sup>. But all the other days that week will be fun too!

Now I know what you're thinking, boys and girls – you're thinking that it isn't too often that our tidal ranges around here are mesomareal instead of micromareal. And you're right! In this case, of course, our tidal mesomareality this month will be due to a spring tide (which actually happens in all seasons) caused by a lunar-solar syzygy aligning the gravity and centrifugal force from the sun with the equal but opposite gravity and centrifugal force from the moon. But you already knew that, didn't you, boys and girls. Aren't tides fun?!

## Mobile Veterinary Service for Westport!

Steve Brigham

When it comes to caring for our pets, the love and companionship part is the easy stuff. What can be much more difficult is the annual trip to the veterinarian. Here at Happy Acres, just the sight of the cat carriers brings fear into Bootsie's and Kitty-Cat's eyes, not to mention Donna and me as well! Now, there's a much better choice, with Dr. Barbara Fishelson's **On the Road Mobile Veterinary Care**. Dr. Fishelson combines the best of compassionate modern veterinary care with the important convenience of you and your pets never having to leave your home. And she cares for all animals, large or small. Don't put off vaccinating your pets just because it's such a hassle to get them to the vet – give Dr. Fishelson a call today at (707) 937-1358.

## Local Business Listings Update

Sarah Mathias

A while back, I undertook the project of putting together a local listing of goods and services available for sale or hire in our community. I've received a few responses and I wanted to share what I have so far. This is by no means a finished project (I hope) and if you wish to have your name or business name included please contact Sarah Mathias (962-0181 or [sarah.e.mathias@gmail.com](mailto:sarah.e.mathias@gmail.com)) or leave your information on the sign-up sheet at the store. Here are our local listings thus far (in no particular order):

### Thad Van Bueren

Family History/Geneology Research  
Garden Art/Sculptures; Archaeology  
(707) 964-7272  
[thad@mcn.org](mailto:thad@mcn.org)

### Ocean Construction Company

Christopher Grosjean  
General Building Contractor (CA #929536)  
Home Construction and Maintenance  
Spa Repair  
(707) 357-4817  
[oceanconstructioncompany@gmail.com](mailto:oceanconstructioncompany@gmail.com)

### Kayla Fisher

Custom Cakes  
(707) 367-1057

### Robin's Bail Bonds

Contact: Jessica Whitmire  
(707) 964-9006

### Gary Quinton

Court-Ordered Community Service/  
Work Release Program Coordinator  
(707) 964-7073

### Cate Verbeke

Vegetable Starts  
(802) 557-7315  
[cateverbeke@gmail.com](mailto:cateverbeke@gmail.com)

### Chuck Linker

Firewood  
(707) 513-9577 (leave message)

### Patty Moran
